Beztak Recognized as a US Best Managed Company

Farmington Hills, MI May 13, 2026 — Beztak is proud to announce it has been selected as a 2026 US Best Managed Company. Sponsored by Deloitte Private* and The Wall Street Journal, the program recognizes outstanding U.S. private companies.

The 2026 designees are U.S. private companies that have demonstrated excellence in strategic planning and execution, a commitment to their people, as well as maintaining financial performance and governance. This year's class is making bold investments in digital transformation, including AI capabilities, and demonstrates the ability to drive sustainable growth and maintain resilience during times of volatility. These organizations are built on a foundation of trust and reflect a sense of purpose that fosters connections with their employees, customers, and communities.

Beztak also earned the distinction of Platinum Honoree — companies that have been recognized as a Best Managed Company for seven or more years — reflecting consistent achievement and a long-term commitment to ongoing development and growth.

“We are honored to once again be recognized as a US Best Managed Company, especially as a Platinum Honoree,” said Sam Beznos, CEO of Beztak. “Operational excellence is at the core of everything we do, from how we support our teams to how we serve our residents and partners. This consistent recognition reflects our amazing, dedicated team and their ongoing commitment to creating exceptional experiences, building strong relationships, and driving Beztak forward.”

Applicants are evaluated and selected by a panel of independent judges focused on assessing hallmarks of excellence in four key areas: strategy, ability to execute, corporate culture, and governance/financial performance. They join a global ecosystem of honorees from more than 46 countries recognized by the Best Managed Companies program.
